

Embedded step with drilling template

Article information

Item no.: 860109
 GTIN: 4026092011270
 Price group: 60

Description

Embedded step (installation set) consisting of embedded step, step rail, hand rail, threaded fasteners (8) and drilling template. Enables an additional step and grip in the upper section system without reducing the entrance cross-section. Fixed outside on the removed upper section. The embedded section can be fitted to the upper section in the factory for an additional charge.

General characteristics
