

## Layer thickness measuring device SonicControl, for grease separators

### Article information

Item no.: 917821  
GTIN: 4026092042076  
Price group: 60

### Description

SonicControl layer thickness measuring device for grease separators free-standing installation and underground installation with ultrasonic sensor for centimetre-accurate monitoring and reporting of the grease layer thickness. With mains connection, battery backup and optional connection possibility for a remote signal generator.

Incl. Mounting set for easy installation and maintenance provided by the customer.

Cable (for sensor) can be extended up to 60 m provided by the customer.

Control unit with visual and audible alarm, electronic log book designed for 12 months, log book can be read out via serial interface.

#### General characteristics

Cable length: 10 m

#### Dimensions

Net weight: 4,5 kg

Gross weight: 4,8 kg

Packaging dimension: length

Packaging dimension: width

Packaging dimension: height

#### Pumping device

Connection type: Schuko (earthed contact) 2-pin

#### Control

Protection class control unit: IP 54

Operating voltage: 230 V

Connection type: Schuko (earthed contact) 2-pin

Length of mains cable for control unit: 1,45 m

Potential-free contact: yes
