

EasyClean round grease separator free, NS 10, Auto Mix & Pump

Article information

Item no.: 93010.05/PVS

GTIN:

Price group: 60

Advantages

- Clean and odour-free disposal and cleaning
- Customisation possible through control unit
- Clean and odour-free disposal and cleaning

Description

The separator for greasy wastewater is suitable for free-standing set-up in frostprotected rooms and is manufactured without the need for metallic internal structural components. The collection tank made of permanently resistant polymer (PE) is equipped with an integrated sludge trap and has sloped sides in the base to promote fast and efficient disposal. Two odour-tight covers with quick-release closures make easy access possible for cleaning and maintenance work. The innovative Shredder-Mix System with integrated macerating system homogenises and circulates the tank contents. Cleaning and odour-neutral disposal takes place via an exterior pump with 2-way valve and actuator, which can be disconnected from the tank by a shut-off valve. The fully-automatic program run is controlled by a user-friendly control unit with multi-line display that can be integrated into the building management system via a potential-free contact. Cleaning and disposal can be started remotely using the remote control, which is available as an option. Thanks to the customisable cleaning program with fast-selection function, cleaning can be adapted to the local circumstances as required. After disposal, a maximum of 3 litres residual sludge volume is left in the tank. Compliance with the German Drinking Water Hygiene Ordinance can be ensured by fully-automatic rinsing of the drinking water pipes. 20 year polyethylene warranty.

Variant

Shut-off valve: yes

Disposal variant: Auto Mix & Pump

Shredder-Mix-System: yes
Sludge bucket: yes
Nominal size (NS): 10,00
SonicControl: no

Disposal system: Disposal connection

Type of disposal: automatic cleaning system

Load-bearing capacity (DIN 19901): F3

General characteristics

Material: PF

Standard: EN 1825

Installation situation: free-standing installation Scope of delivery:

Storz-B coupling R 2 1/2" for disposal vehicle

connection

Dimensions

Net weight: 350 kg Gross weight: 350 kg 1900 mm Set-up area, length: Set-up area, width: 1690 mm Set-up area, height: 1910 mm Required access area, length: 1900 mm Required access area, width: 1690 mm Required access area, height: 1910 mm

Tank/drain body

Nominal pressure (PN): 10 Pressure pipe connection (DN): 65 Pressure pipe connection (OD): 75 mm Distance pipe bottom outlet to tank bottom: 1500 mm Distance pipe bottom inlet to tank bottom: 1570 mm Outlet nominal size (OD): 160 mm Outlet nominal size (DN): 150 mm Inlet nominal size (OD): 160 mm Inlet nominal size (DN): 150 mm

PE-HD pipes in accordance with DIN 19537, HT pipes Connection inlet/outlet sockets:

in accordance with DIN 19560, PP or AS

Coverage features

Type of cover: Cover Cover material: Polymer Colour of cover: black

Quick-release closure Locking:

Tightness: odour-tight

Wastewater contents

Separator contents: 2500 l Total volume: 1500 L Contents of sludge trap: 1000 l Storage quantity of grease: 400 l
