

Grease separator EasyClean free NS 15, Auto Mix & Pump

Article information

Item no.: 93015.01/PVS GTIN: 4026092103401 Price group: 60

Advantages

- Clean and odour-free disposal and cleaning
- Customisation possible through control unit
- Clean and odour-free disposal and cleaning

Description

The separator for greasy wastewater is suitable for free-standing set-up in frostprotected rooms and comes without metallic components in the tank. The collecting tank made of permanently resistant polymer (PE) is equipped with an integrated sludge trap and has slopes in the tank base for fast and clean disposal. Two odour-tight covers with guick-release closures make easy access possible for cleaning and maintenance work. The innovative Shredder-Mix-System with integrated macerating system is responsible for homogenising and circulating the tank contents. Cleaning and odour-neutral disposal takes place via an exterior pump with 2-way valve and actuator which can be disconnected from the tank by a shut-off valve. The fully automatic program run is controlled by a user-friendly control unit with multi-line display that can be integrated into the building management system through a potential-free contact. Cleaning and disposal can be started remotely using the remote control, which is available as an option. Thanks to the customisable cleaning program with fast-selection function, cleaning can be adapted to the local circumstances as required. Observance of the Drinking Water Hygiene Directive can be guaranteed through the fully automatic rinsing of the drinking water pipes. 20 year polyethylene warranty.

| Variant | |
|---|--|
| Shut-off valve: | yes |
| Disposal variant: | Auto Mix & Pump |
| Shredder-Mix-System: | yes |
| Inspection window: | yes |
| Nominal size (NS): | 15 |
| SonicControl: | no |
| Disposal system: | Disposal pump |
| Refill inlet in accordance with DIN 1988: | yes |
| Type of disposal: | automatic disposal and cleaning system |
| Water supply: | 2 solenoid valves 1" |
| Load-bearing capacity (DIN 19901): | F3 |
| | |

| General characteristics Material: Standard: Installation situation: Delivery state: Scope of delivery: | PE EN 1825 free-standing installation Installation-ready (electrical components, connection parts must be connected on site) Storz-B coupling R 2 1/2" for disposal vehicle connection |
